PROFESSIONAL SUMMARY

Logistics & Supply Chain professional with proven experience supervising 25+ staff at Maersk's 80% automated distribution centre across picking, dispatch and decanting operations. Acted as Shift Manager for 6 months, coordinating freight documentation, container bookings and transport provider liaison. Master of Supply Chain & Logistics Management (RMIT, 2026) combined with Dangerous Goods, Air Cargo Security and RACA certifications. Committed to operational excellence, inventory accuracy and on-time fulfilment.

CORE COMPETENCIES

Logistics Coordination	Supply Chain Operations	Warehouse Management (WMS)
Inventory Management	Dispatch & Container Ops	Freight Documentation
Transport / 3PL Coordination	Automated Warehouse Systems	RF Scanner Operations
Team Leadership (25+ Staff)	Process Improvement	WHS Safety Compliance

PROFESSIONAL EXPERIENCE

Team Leader / Acting Shift Manager — 2022 – 2024

Maersk (formerly Li & Fung Logistics) · Melbourne, VIC

- Managed end-to-end warehouse operations in an 80% automated distribution centre across picking, dispatch and decanting departments.
- Supervised, coached and performance-managed a team of 25 warehouse staff to meet daily throughput and accuracy KPIs.
- Acted as Shift Manager for 6 months, assuming full responsibility for shift-wide logistics coordination and operational performance.
- Coordinated container bookings, shipping documentation and freight compliance; liaised with transport providers and 3PL freight partners.
- Operated WMS and RF scanners to maintain real-time inventory visibility and order fulfilment accuracy.
- Managed dispatch coordination and container closure, ensuring on-time, accurate shipment of orders.
- Maintained WHS safety compliance across automated warehouse operations, proactively reducing incident risk.
- Identified and implemented process improvements to streamline logistics workflow and boost operational efficiency.

Workforce Manager & Unit Supervisor — Prior to 2022

RSSS Garden Services · India

- Managed workforce scheduling and resource allocation for operational service teams.
- Supervised staff productivity, operational workflow and multi-unit service delivery.

HR Intern · Steel Plant

- Assisted with workforce coordination, employee documentation and operational workforce planning.

HR & Administration Intern · Sparkles Laundry Services (Central Railways Contractor)

- Supported workforce coordination, production scheduling, service operations and administrative records.
